## BUILT FOR CLEANING

*TOMCAT's* sweepers are built to sweep a variety of floors: Epoxy rubber, VCT, Wood, Concrete, Marble, whatever there is.

*TOMCATS* are compact, not light-duty.

These machines are all-steel, and use oversized components throughout. At your in-plant inspection, you'll see top quality components, hefty fabrications, oversized motors, and nearly 100% stainless steel fasteners.

*TOMCAT's* side brooms pick up dirt in the corners. A huge tubular main broom under the machine sweeps up the dirt and debris from the floor and packs it into the steel hopper.

Meanwhile, the second stage vacuums up the dust and traps it in a polypropylene felt "bag-house" filter. *TOMCATS* can pick up whole bags of cement at a time without leaving a trace of dust behind. The filter is cleaned by an on-board mechanism, and in most cases will last the life of the machine.

*TOMCAT's* "Central Command" energy management system gives our silent, electric rider sweepers the power formerly available from only gasoline or propane-powered machines.

The TR is the most powerful compact battery-powered sweeper and can run a full shift on a charge.

## MAKES YOU MONEY FROM DAY ONE

Few production machines can save you as much as a *TOMCAT* sweeper. If you do not now use a power sweeper, Model TR will cut your labor costs for sweeping by a factor of ten or more.

These direct labor savings permit tremendous economy, even in small plants. The Model TR can sweep up to 350,000 sq. ft. in one shift, and on a single charge.

*TOMCAT* TR rider is priced much lower than you think – less than many walk-behind machines, and a fraction of the cost of most other riders.

## SPECIALISTS NOT NEEDED

*TOMCATS* could not be much simpler to operate. Controls are smooth and simple, and maintenance is a snap; just put the machine on charge after every shift. No oil to change, brooms to reverse, fuel to spill, tanks to exchange, valves to grind.

## TEST SWEEP - NO COST OR OBLIGATION

Why not have your people try cleaning your plant with a Model 34 or TR? It's free, and there's no obligation. Call us at 800-450-9824 to set up a demonstration that is convenient for you.

AREA Sq. Ft.	TIME REQUIRED TO CLEAN		Monthly Labor Savings
	By Hand	Model TR	
150,000	10 hrs	0.80 hrs	\$1,487.00
175,000	15 hrs	1.25 hrs	\$1,345.00
100,000	20 hrs	1.67 hrs	\$3,587.00
250,000	50 hrs	4.10 hrs	\$9,435.00

### SOLD THROUGH DEALERS

We've built our reputation by providing the toughest, best-engineered, highest-value machines our industry can produce. We make sure that in every market in which our more than 350 distributors in 36 countries and service centers do business, they maintain a "factory" trained service department with a vested interest in our customers long-term satisfaction.

**TOMCAT** offers a line of cleaning equipment that includes sweepers and scrubbers, in both walk-behind and ride on models. All our models are practical, rugged machines that are sensibly priced. Your local dealer will be happy to assist you with rentals, soap, and floor sealer information. They will gladly provide service on all brands of cleaning equipment.
